

## HARSH ENVIRONMENT POWER SOLUTIONS

Harland Simon UPS Ltd

*Indoor and Outdoor Power Solutions*

### Features

- Outdoor AC UPS Power Module
- Indoor Single & Three Phase UPS
- Marine UPS Products
- Extended Runtime Battery Packs
- Outdoor AC UPS Enclosure Systems
- Indoor Custom Products rated up to IP54
- Indoor DC Products
- Generator Sets

### Outdoor AC UPS Power Module

Harland Simon specialises in providing AC Power Solutions for Harsh Environments, providing rugged AC powering solutions, including Hardened Outdoor Enclosures, Uninterruptible Power Supply (UPS) Modules, Speciality Batteries and Battery Accessories.

Novus FXM Power Modules provide constant, reliable UPS grade backup power management for Traffic, Security, Telecommunications and other applications. The FXM can operate in temperatures of -40°C to 74°C (-40°F to 165°F) supporting your mission critical applications with clean uninterruptible power. Adaptable for vertical or horizontal orientations as well as rack mounting.

Current models include: 650W, 1100W and 2000W.

### Indoor Single and Three Phase UPS

Offline, Line Interactive and Online Solutions offering 230VAC Single, Three Phase and Parallel or Redundant Systems. Available in Tower or 19" Rack configurations.

- 700VA - 10kVA Single Phase UPS
- 20kVA - 150kVA Three Phase UPS
- Extended Runtime Battery Options
- Rugged and High Ingress Protection Options
- Extensive Communications Capabilities

### Marine UPS Products

Harland Simon offer a comprehensive range of Rugged Marine products approved, designed and tested to meet the harsh environment requirements. Products can be certified by Lloyds, DNV, ABS and others and are of hardened mechanical design (ruggedised) typically fitted with anti-vibration mounts and protected to IP22 although higher IP ratings are available.

- Single and Three Phase Marinised AC UPS
- Custom DC UPS Solutions
- DC Trippers, Chargers, Inverters and Power Supplies
- Customised Ruggedised Products

### Extended Runtime Battery Packs

Harland Simon offer a comprehensive range of Extended Runtime Battery solutions up to 24 hours

- Fully Assembled Cubicles
- Loose Battery Modular System
- 19" Rack Mounting Trays
- 19" Complete Enclosure Systems

### Outdoor AC UPS Enclosure Systems

The Novus Micro Series provides constant and reliable power for access control, security, public utility and telecommunications applications in a compact all in one enclosure. The Novus FXM Series, for lower power applications in a single, easy to install cabinet. Optional add-on battery cabinets for longer runtimes available.

- Wide operating temperature range of -40°C to 74°C (-40°F to 165°F)
- Temperature compensated battery charging (protects batteries)
- 300W & 1000W - 230VAC UPS models available
- External communications via RS-232 port or an optional Ethernet SNMP
- User friendly LCD display allows 'at a glance' monitoring

### Indoor Custom Products Rated up to IP54

Harland Simon offer a complete range of Custom Built or Customised AC and DC Power Solutions

- AC UPS, DC UPS, Inverters and Generators
- Defence, Industrial, Manufacturing, Marine/Petrochemical, Transport & Utilities
- 19", Ruggedised, Wall, Floor with AVM, Connectivity Options
- WIMES 3.07 Compliant

### Indoor DC Products

Harland Simon offer a comprehensive range of DC Power Protection products including:

- Trippers (DCT range) - 24V to 110V, 1 - 50A loads
- Chargers (DCC range) - 3 or 1 phase, 1 - 50A loads
- Power Supplies (DCP range) - 10W - 5kW
- DC UPS (DCU range) - 12V to 270V, several hours

### Maintenance, Service and Disposal

Harland Simon UPS offer high class service solutions throughout the UK

- UPS and Generator Maintenance Contracts
- Electrical Installation
- Battery Replacement
- Relocation and Expansion
- Disposal to COSHH Regulations

All our engineers are factory trained with the backing of ISO 9001 approval

Harland Simon is a leading independent supplier of Power and Service Solutions

As well as our own product portfolio which includes Generators, AC and DC Power Solutions, Converters, Extended Runtime Battery Packs and Bypass Systems, we are also able to supply UPS products from the following Manufacturers: Ablerex, APC, G-TEC, Chloride Power Protection, Eaton Powerware & MGE OPS, Riello Galatrek, Socomec Sicon and Siemens

UPS products are available from 300VA - 800kVA  
Diesel Generator sets from 5kVA - 2000kVA

Harland Simon caters for all Market Sectors, divided into four main categories;  
COMMERCIAL: Building Services, Comms/IT, Site Services & UPS Partnerships  
DEFENCE: Air, Land, Sea and Joint Services  
INDUSTRY: Manufacturing, Marine/Petrochemical, Transportation and Utilities  
PUBLIC SECTOR: Education, Government, Health and Services

We offer a comprehensive range of capabilities including: Customised and Bespoke Products, Pre-Sales Support, CAD Design and Engineering, Project Management, Project Specific Documentation, Factory and Site Testing, Site Installation, Service and Maintenance Plans
