

# INTRODUCING HARLAND PROTECTUPS® INDUSTRIAL GRADE IP54 UNINTERRUPTIBLE POWER SUPPLIES

## WHY CHOOSE HARLAND PROTECTUPS®? 6 REASONS TO BUY FROM US

1

### WELL PROTECTED

IP54 rated cooling fans and filters to keep dirt, dust and water out ultimately improving asset life.

2

### FUTURE PROOFED

Commercial off the shelf (COTS) integrated into our systems to ensure we use proven product which can be easily replaced.

3

### SPACE SAVING

Compact designs to save floor space; back to wall installation, large power modules on runners, wall mountable options.

4

### EASY INSTALLATION

Power cables, alarms, other comms taken to terminals/DIN rail connections - making it very easy and safe to install on site.

5

### BROAD RANGE

Floor, wall and custom options available. Whatever the issue on site we can provide a good solution.

6

### BESPOKE OPTIONS

Top/bottom/side cable entry; any paint colour finish; custom panel sizes to suit space constraints; transformers; distribution etc
